

Date:

Dear Prospective Donor,

As the median age of our population continues to rise, it's critical that trained and qualified care givers also grow to provide that population with needed medical care and services. To further this objective, Better Living for Seniors (BLS) has established a scholarship for students interested in entering into the care giving arena specifically as a Certified Nursing Assistant.

Over the past several years, BLS has awarded scholarships and we are excited about continuing this tradition in our community. The number and dollar amount of future scholarships however, is dependent upon contributions from those like you who care about the quality of life of our older citizens.

The BLS Healthcare Scholarship is administered through the Area Agency on Aging, a non-profit 501 (c) (3) organization. Your contribution is tax-deductible. BLS welcomes your contribution in any amount and will provide contributors information about our scholarship program.

Please make checks payable to "Area Agency on Aging of Pasco-Pinellas, Inc" or "AAAPP" and mail to the following: Area Agency on Aging, 9887 4th Street North, #100, St. Petersburg, FL 33702-2451. You will receive a receipt from the Area Agency on Aging acknowledging your contribution for your records.

Thank you in advance for you assistance. Your generous contribution is a step forward in advancing the quality of care available to our area seniors.

Thank you for your support.

Sincerely,

Marci Sadorf RN, CMC
BLS Scholarship Chair
